MEMORANDUM FOR: Deputy Director for Support

Bob,

25X1 I have given to [] my memorandum on computer
25X1 security which was prepared for your signature and addressed
to the Executive Director-Comptroller. You will recall in my
recent meeting with you and [] that I stressed the need
for slot support by the Office of Computer Services in return
for my action in taking two additional slots from my own "hide."
My position then and now is that it must be a joint enterprise
with the full moral and physical commitment of OCS.

25X1 As you know, my contract ceiling was reduced from []
25X1 [] This has meant that I have had to curtail projected
25X1 increases due to workload particularly in []

This is the third time in the past two years that this Office
has been penalized by its honest efforts to suggest and offer adjust-
ments to meet new requirements imposed by higher authority.

I am convinced of the validity of the old adage--"The good
guys always finish last."

25X1 []
Howard J. Osborn
Director of Security
